`ggplot_shiny`*Creating a graphical user interface for creating ggplot-graphs.*

Description

Creating a graphical user interface for creating ggplot-graphs.

Usage

```
ggplot_shiny(dataset = NA)
```

Arguments

`dataset` A dataset (optional).

Value

A GUI for visualizing data from dataset.

Examples

```
#ggplot_shiny()  
#ggplot_shiny(mpg)
```

Index

`ggplot_shiny`, [2](#)
